CELLAR9

Our services always include:

BARTENDING

Not only have our bartenders been certified through the Arizona Department of Liquor License & Control, but they are also professionals who are committed to their craft. We never outsource or use temp agencies, your bartender is a valued part of our team and understands the difference between hospitality and service.

BAR SET & BREAKDOWN

We don't just show up right before service; we are dedicated experts who understand that presentation is an art. Our team loves systems and processes, and we use them to create a sleek bar that translates to seamless service.

DETAILS

Ice, cocktail napkins, stirrers, and recyclable acrylic cups are included. Prefer glassware? We'd love to add our Schott Zwiesel Pure Crystal glassware, which is modern yet classic. Do you prefer glassware that is colored, cut crystal, or rimmed in gold or silver? We can add that, too.

STEVE SHORT
CULINARY TEAM

As a part of the Steve Short Culinary Team, we are committed to creating memorable experiences and delivering uncommon hospitality.
