

Thank you for considering Cellar 9 Event Beverage Service. Cellar 9 was developed due to the increased demand for a highly qualified, professional and creative beverage provider. Managed and operated by the same owner of Atlasta Catering and Event Concepts, Cellar 9 brings a depth of event management experience, modern presentation, superior service and exceptional attention to detail.

As the exclusive provider of Beverage Service at The University Club at ASU, and ASU Old Main and the preferred beverage service provider to other venues, Cellar 9 has a reputation of exceeding expectations.

TERMS AND CONDITIONS

Cellar 9 bartenders are required by Arizona Law to check I.D.s and serve persons twenty one years of age and above. No one is allowed to consume any type of alcohol unless it is served by our staff. Cellar 9 holds a series 7 liquor license. The alcohol packages are not unlimited. We will bring enough product for everyone to enjoy. All packages and services are based on a five hour event time (including set up) and a guest count of 100 people unless otherwise specified. A service charge of 19% is added to all services. All packages are subject to a tax of 9.3%. If ordering an alcohol package check must be written to Cellar 9, INC.

ETHICAL ENVIRONMENTAL CHOICES

Cans vs. Bottles: Cellar 9 opts for canned beer over bottled beer due to the decreased weight in transport, it takes less ice and water to cool cans versus bottles and aluminum can recycling is more readily available to business and a small source of revenue.

Bio Cups: When disposable barware is desired Cellar 9 provides a quality line of eco friendly compostable cups and napkins instead of plastic.

Chemical Free Glassware: When glass barware is desired Cellar 9 provides chemically free washed and polished glassware that has been washed and polished with non toxic, environmentally friendly cleansing agents to prevent toxins from contaminating the water supply and our clients.

Complete Event Recycling: Our bartenders are fully trained in recycling and Cellar 9 provides recycling containers for aluminum cans, paper products and glass bottles. All disposables are compostable reducing the bar trash to virtually nothing.
